The 10th Joyce Niblack MPN Patient Conference February 25-26, 2017

Hosted by MPN Education Foundation & Mayo Clinic

WHY ARE WE HERE?

Thanks to Joyce!

*Do not go gentle into that good night, Old age should
burn and rave at close of day; Rage, rage against the
dying of the light. Though wise men at their end
know dark is right, Because their words had forked no
lightning they Do not go gentle into that good
night. Good men, the last wave by, crying how
bright Their frail deeds might have danced in a green
bay, Rage, rage against the dying of the light. Wild
men who caught and sang the sun in flight, And learn,
too late, they grieved it on its way, Do not go gentle
into that good night.*

*Grave men, near death, who see with blinding
sight Blind eyes could blaze like meteors and be gay,
Rage, rage against the dying of the light. And you,
my father, there on the sad height, Curse, bless, me
now with your fierce tears, I pray. Do not go gentle
into that good night. Rage, rage against the dying of
the light.*
